President of the Senate

November 26, 2019

Dear Honorable Timothy Walz:

I am writing to apply for reappointment to the position of Emergency Physician on the Minnesota Emergency Medical Services Regulatory Board.

It has been a great honor to serve the citizens of Minnesota in my current role as the State EMS Medical Director and Chair of the Medical Director Standing Advisory Committee of the EMSRB since 2014. In this position I am proud of the accomplishments which I have led including the following:

1. Represented MN on the Medical Directors Council of the National Association of State EMS Officials (NASEMSO). I was elected to the position of Secretary in 2016.
2. Improving the medical care for patients in rural Minnesota while protecting the fiscal sustainability of rural ambulance services.
  - a. Authorization to allow EMT's to utilize D10W to raise the blood sugar of hypoglycemic patients eliminating the need for ambulance services to purchase glucagon which is a very expensive medication.
  - b. Authorization for EMT's to use a volume limited syringe to deliver epinephrine to patients with life threatening allergic reactions eliminating the need to purchase commercial "Epi pens" which cost over \$400.
3. Partnership with the legislator in crafting HF 85 authorizing EMS providers to administer medications carried by a patient to treat a life threatening condition. This was signed into law by in May, 2019.

If I am reappointed I will continue to seek ways to improve the health and safety of Minnesotans through the leadership of the Emergency Medical Services Regulatory Board.

Sincerely,

**Aaron Burnett MD, FACEP**  
State of MN EMS Medical Director  
MN EMS Regulatory Board  
Associate Professor of Emergency Medicine  
University of Minnesota

### Honors and Awards:

RECEIVED

JUN 15 2020

International Association of Firefighters Special Citation

2015

- Presented by the St. Paul Fire Department Union Local 21 "...in grateful recognition of your friendly co-operation, loyalty and service to the St. Paul Fire Department."

Saint Paul Fire Chief Special Commendation

2014

- "On behalf of the City of St. Paul, we thank you for your outstanding generosity and leadership in supplying LUCAS automated CPR devices to all 13 Saint Paul Fire Department paramedic ambulances. You championed the cause to close a deadly technology gap for the Fire Department, which will help us provide superior care to patients in cardiac arrest."

Saint Paul Police Chief's Award

2013

- Presented by St. Paul Police Chief, Tom Smith "...in recognition of exceptional actions or activities taken on behalf of the Department and City of Saint Paul."
