Board of School Administrators
Dept. of Education
1500 Highway 36 W.
Roseville, Mn.

To Whom It May Concern;

I would be honored to serve on the Board of School Administrators as the School Board representative. One of the main reasons I am applying for this appointment is my 40 years of experience in education. It has not been 40 years of a career; it has been 40 years of a calling. I still have a strong passion for children, for communities, for our public schools, for teachers and administrators.

A second reason I would enjoy being a member of this board would be the unique lens I would have serving on this board. I am a school board member and can represent that position with authority and experience, but as a former teacher I can use my experience in working with school leaders to help make informed decisions as a board member. I have spent four years as a school board member and have just been re-elected for another four years. I have served as a board chair for two of my four years.

The issues we have faced these past two years also brings experiences to the BOSA board. We will face many unique and honest challenges due to the pandemic and having served four years on the BOSA board and four years on the Duluth School Board gives me great background and strength to continue to serve and use my knowledge to lead. I understand about our return, recovery and reimagine journey ahead for all education in Minnesota.

I am blessed to have the time that being on this board would require. I feel like I am still an active learner and enjoy the opportunity to use my education, experience, passion and time to serve as a member of the Board of School Administrators. I am proud of the fact that in my four-year term on BOSA I attended all monthly meetings and worked to be prepared, share my knowledge and move business of the BOSA board in a positive direction.

If you have any further questions or need more information, please don't hesitate to contact me.

Jill Lofald
