"Sec. 28. Minnesota Statutes 2016, section 256B.4914, subdivision 16, is amended to read:

Subd. 16. **Budget neutrality adjustments.** (a) The commissioner shall use the following adjustments to the rate generated by the framework to assure budget neutrality until the rate information is available to implement paragraph (b). The rate generated by the framework shall be multiplied by the appropriate factor, as designated below:

- (1) for residential services: 1.003;
- (2) for day services: 1.000;
- (3) for unit-based services with programming: 0.941; and
- (4) for unit-based services without programming: 0.796.

(b) Within 12 months of January 1, 2014, the commissioner shall compare estimated spending for all home and community-based waiver services under the new payment rates defined in subdivisions 6 to 9 with estimated spending for the same recipients and services under the rates in effect on July 1, 2013. This comparison must distinguish spending under each of subdivisions 6, 7, 8, and 9. The comparison must be based on actual recipients and services for one or more service months after the new rates have gone into effect. The commissioner shall consult with the commissioner of management and budget on this analysis to ensure budget neutrality. If estimated spending under the new rates for services under one or more subdivisions differs in this comparison by 0.3 percent or more, the commissioner shall assure aggregate budget neutrality across all service areas by adjusting the budget neutrality factor in paragraph (a) in each subdivision so that total estimated spending for each subdivision under the new rates matches estimated spending under the rates in effect on July 1, 2013.

(c) A service rate developed using values in subdivision 5, paragraph (a), clause (10), is not subject to budget neutrality adjustments.

EFFECTIVE DATE. This section is effective the day following final enactment."
