"Section 1. **[120B.116] SCIENCE OF READING.**

Subdivision 1. **Policy.** It is the intent of the legislature that public schools promote foundational literacy and grade-level reading proficiency through the use of curriculum, textbooks, instructional materials, instructional practices, interventions, and teacher development and training based solely on the science of reading.

Subd. 2. **Science of reading defined.** (a) "Science of reading" means explicit, systematic, evidence-based reading instruction using reliable, trustworthy, and valid evidence consistent with science-based reading research. This includes developing foundational reading skills relying on phonemic or phonological awareness, phonics and decoding, fluency, vocabulary, and comprehension that can be differentiated to meet the needs of individual students.

(b) The science of reading does not include using visual memory as the primary basis for teaching word recognition and does not include the use of the three-cueing system model, based on meaning, structure or syntax, and visual cues, also known as MSV, as a method to teach students to read.

Subd. 3. **Other definitions.** (a) For the purposes of this section, the terms defined in this subdivision have the meanings given.

(b) "Comprehension" is the purpose of reading, including the ability to understand, remember, and make meaning of what has been read.

(c) "Fluency" is the ability to read text with speed, accuracy, and proper expression, either to oneself or aloud.

(d) "Phonemic or phonological awareness" is the ability of students to hear, identify, manipulate, and substitute individual sounds, word parts, and syllables in spoken words.

(e) "Phonics" is the understanding that there are systematic and predictable relationships between phonemes and graphemes and the ability to apply that knowledge to decode unfamiliar printed words. "Phonemes" means sounds and "graphemes" means the letters that represent those sounds in written language, commonly known as "sounding out" words.

(f) "Science-based reading research" means research that:

(1) applies rigorous, systematic, and objective observational or experimental procedures to obtain knowledge relevant to reading development, reading instruction, and reading and writing difficulties; and

(2) explains how proficient reading and writing develop, why some children have difficulties developing key literacy skills, and how schools can best assess and instruct early literacy, including the use of evidence-based literacy instruction practices to promote reading and writing achievement.

(g) "Vocabulary" is the process of acquiring new words that students understand and use in their conversation (oral vocabulary) and recognize in print (reading vocabulary) through direct and indirect instruction."

Page 19, after line 17, insert:

"Sec. 17. Minnesota Statutes 2022, section 124D.09, subdivision 5, is amended to read:

Subd. 5. **Authorization; notification.** Notwithstanding any other law to the contrary, an 11th or 12th grade pupil enrolled in a school or an American Indian-controlled tribal contract or grant school eligible for aid under section 124D.83, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to an eligible institution, as defined in subdivision 3, to enroll in nonsectarian courses offered by that postsecondary institution. If an institution accepts a secondary pupil for enrollment under this section, the institution shall send written notice to the pupil, the pupil's school or school district, and the commissioner. The notice must indicate the course and hours of enrollment of that pupil. If the pupil enrolls in a course for postsecondary credit, the institution must notify;

(1) the pupil about payment in the customary manner used by the institution-; and

(2) the pupil's school as soon as practicable if the pupil withdraws from the course or stops attending the course.

**EFFECTIVE DATE.** This section is effective July 1, 2023.

Sec. 18. Minnesota Statutes 2022, section 124D.09, subdivision 12, is amended to read:

Subd. 12. **Credits; grade point average weighting policy.** (a) A pupil must not audit a course under this section.

(b) A district ~~shall~~ must grant academic credit to a pupil enrolled in a course for secondary credit if the pupil successfully completes the course. Seven quarter or four semester college credits equal at least one full year of high school credit. Fewer college credits may be prorated. A district must also grant academic credit to a pupil enrolled in a course for postsecondary credit if secondary credit is requested by a pupil. If no comparable course is offered by the district, the district must, as soon as possible, notify the commissioner, who ~~shall~~ must determine the number of credits that ~~shall~~ must be granted to a pupil who successfully completes a course. If a comparable course is offered by the district, the school board ~~shall~~ must grant a comparable number of credits to the pupil. If there is a dispute between the district and the pupil regarding the number of credits granted for a particular course, the pupil may appeal the board's decision to the commissioner. The commissioner's decision regarding the number of credits ~~shall be~~ is final.

(c) A school board must adopt a policy regarding weighted grade point averages for any high school or dual enrollment course. The policy must state whether the district offers weighted grades. A school board must annually publish on its website a list of courses for which a student may earn a weighted grade.

(d) The secondary credits granted to a pupil must be counted toward the graduation requirements and subject area requirements of the district. Evidence of successful completion of each course and secondary credits granted must be included in the pupil's secondary school record. A pupil ~~shall~~ must provide the school with a copy of the pupil's grade grades in each course taken for secondary credit under this section, including interim or nonfinal grades earned during the academic term. Upon the request of a pupil, the pupil's secondary school record must also include evidence of successful completion and credits granted for a course taken for postsecondary credit. In either case, the record must indicate that the credits were earned at a postsecondary institution.

(e) If a pupil enrolls in a postsecondary institution after leaving secondary school, the postsecondary institution must award postsecondary credit for any course successfully completed for secondary credit at that institution. Other postsecondary institutions may award, after a pupil leaves secondary school, postsecondary credit for any courses successfully completed under this section. An institution may not charge a pupil for the award of credit.

(f) The Board of Trustees of the Minnesota State Colleges and Universities and the Board of Regents of the University of Minnesota must, and private nonprofit and proprietary postsecondary institutions should, award postsecondary credit for any successfully completed courses in a program certified by the National Alliance of Concurrent Enrollment Partnerships offered according to an agreement under subdivision 10. Consistent with section 135A.101, subdivision 3, all MnSCU

institutions must give full credit to a secondary pupil who completes for postsecondary credit a postsecondary course or program that is part or all of a goal area or a transfer curriculum at a MnSCU institution when the pupil enrolls in a MnSCU institution after leaving secondary school. Once one MnSCU institution certifies as completed a secondary student's postsecondary course or program that is part or all of a goal area or a transfer curriculum, every MnSCU institution must consider the student's course or program for that goal area or the transfer curriculum as completed.

**EFFECTIVE DATE.** This section is effective July 1, 2023."

Senator Maye Quade moved to amend S.F. No. 1311 as follows:

Page 31, after line 11, insert:

"Sec. 4. [121A.038] STUDENTS SAFE AT SCHOOL.

Subdivision 1. Definitions. (a) For the purposes of this section, the following terms have the meanings given.

(b) "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.

(c) "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.

(d) "Evidence-based" means a program or practice that demonstrates any of the following:

(1) a statistically significant effect on relevant outcomes based on any of the following:

(i) strong evidence from one or more well designed and well implemented experimental studies;

(ii) moderate evidence from one or more well designed and well implemented quasi-experimental studies; or

(iii) promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias; or

(2) a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.

(e) "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.

(f) "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

Subd. 2. **Criteria.** An active shooter drill conducted according to section 121A.037 with students in early childhood through grade 12 must be:

(1) accessible;

(2) developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;

(3) culturally aware;

(4) trauma-informed; and

(5) inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

Subd. 3. **Student mental health and wellness.** Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liasons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

Subd. 4. **Notice.** (a) A school district or charter school must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least 24 hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.

(b) If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.

(c) The commissioner of education must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

Subd. 5. **Participation in active shooter drills.** Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the criteria in subdivision 2.

Subd. 6. **Active shooter simulations.** A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian

of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

Subd. 7. **Violence prevention.** (a) A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one hour, or one standard class period, of violence prevention training annually.

(b) The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:

(1) how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;

(2) the importance of taking threats seriously and seeking help; and

(3) the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity.

(c) By July 1, 2024, the commissioner of public safety and the commissioner of education must jointly develop a list of evidence-based trainings that a school district or charter school may use to fulfill the requirements of this section, including no-cost programming, if any. The agencies must:

(1) post the list publicly on the Minnesota School Safety Center's website; and

(2) update the list every two years.

(d) A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for schools, including but not limited to:

(1) student opportunities for leadership related to prevention and safety;

(2) encouragement and support to students in establishing clubs and programs focused on safety;  
and

(3) providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

Subd. 8. **Board meeting.** At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

(1) the effect of active shooter drills on the safety of students and staff; and

(2) the effect of active shooter drills on the mental health and wellness of students and staff."

(The text of the amended House File is identical to S.F. No. 2684.)

Page 93, after line 18, insert:

"Sec. 18. Minnesota Statutes 2022, section 354.44, subdivision 6, is amended to read:

Subd. 6. **Computation of formula program retirement annuity.** (a) The formula retirement annuity must be computed in accordance with the applicable provisions of the formulas stated in paragraph (b) or (d) on the basis of each member's average salary under section 354.05, subdivision 13a, for the period of the member's formula service credit.

(b) This paragraph, in conjunction with paragraph (c), applies to a person who first became a member of the association or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled for service rendered before July 1, 2006:

Period	Coordinated Member	Basic Member
Each year of service during first ten	1.2 percent per year	2.2 percent per year

Each year of service thereafter	1.7 percent per year	2.7 percent per year
---------------------------------	----------------------	----------------------

For service rendered on or after July 1, 2006, by a member other than a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2006, and June 30, 2015, and for service rendered on or after July 1, 2013, by a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2013, and June 30, 2015, the average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of service credit, determines the amount the annuity to which the member qualifying therefor is entitled:

Period	Coordinated Member	Basic Member
Each year of service during first ten	1.4 percent per year	2.2 percent per year
Each year of service after ten years of service	1.9 percent per year	2.7 percent per year

(c)(1) This paragraph applies only to a person who first became a member of the association or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, and whose annuity is higher when calculated under paragraph (b), in conjunction with this paragraph than when calculated under paragraph (d), in conjunction with paragraph (e).

(2) Where any member retires prior to normal retirement age under a formula annuity, the member shall be paid a retirement annuity in an amount equal to the normal annuity provided in paragraph (b) reduced by one-quarter of one percent for each month that the member is under normal retirement age at the time of retirement except that for any member who has 30 or more years of allowable service credit, the reduction shall be applied only for each month that the member is under age 62.

(3) Any member whose attained age plus credited allowable service totals 90 years is entitled, upon application, to a retirement annuity in an amount equal to the normal annuity provided in paragraph (b), without any reduction by reason of early retirement.

(d) This paragraph applies to a member who has become at least 55 years old and first became a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity amount when calculated under this paragraph and in conjunction with paragraph (e), is higher than it is when calculated under paragraph (b), in conjunction with paragraph (c).

(1) For a basic member, the average salary, as defined in section 354.05, subdivision 13a, multiplied by 2.7 percent for each year of service for a basic member determines the amount of the retirement annuity to which the basic member is entitled. The annuity of a basic member who was a member of the former Minneapolis Teachers Retirement Fund Association as of June 30, 2006, must be determined according to the annuity formula under the articles of incorporation of the former Minneapolis Teachers Retirement Fund Association in effect as of that date.

(2) For a coordinated member, the average salary, as defined in section 354.05, subdivision 13a, multiplied by 1.7 percent for each year of service rendered before July 1, 2006, and by 1.9 percent

for each year of service rendered on or after July 1, 2006, for a member other than a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2006, and June 30, 2015, and by 1.9 percent for each year of service rendered on or after July 1, 2013, for a member of the former Duluth Teachers Retirement Fund Association between January 1, 2013, and June 30, 2015, determines the amount of the retirement annuity to which the coordinated member is entitled.

(e) This paragraph applies to a person who has become at least 55 years old and first becomes a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity is higher when calculated under paragraph (d) in conjunction with this paragraph than when calculated under paragraph (b) in conjunction with paragraph (c). An employee who retires under the formula annuity before the normal retirement age is entitled to receive the normal annuity provided in paragraph (d), reduced as described in clause (1) or without reduction as described in clause (2), as applicable.

~~(1) For a member who is at least age 62 and has at least 30 years of service, the annuity shall be reduced by an early reduction factor of six percent for each year that the member's age of retirement precedes the normal retirement age. The resulting reduced annuity shall be further adjusted to take into account the increase in the monthly amount that would have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity was augmented during the deferral period at 2.5 percent, if the member commenced employment after June 30, 2006, or at three percent, if the member commenced employment before July 1, 2006, compounded annually.~~

~~(2) (1) For a member who has not attained age 62 or has fewer than 30 years of service is not entitled to a retirement annuity under clause (2), the annuity shall be reduced for each year that the member's age of retirement precedes normal retirement age by the following early reduction factors:~~

~~(i) for the period during which the member is age 55 through age 58, the factor is four percent; and~~

~~(ii) for the period during which the member is at least age 59 but not yet normal retirement age, the factor is seven percent.~~

The resulting annuity shall be further adjusted to take into account the increase in the monthly amount that would have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity was augmented during the deferral period at the applicable annual rate, compounded annually. The applicable annual rate is the rate in effect for the month that includes the member's effective date of retirement and shall be considered as fixed for the member for the period until the member reaches normal retirement age. The applicable annual rate for June 2019 is 2.5 percent, if the member commenced employment after June 30, 2006, or three percent, if the member commenced employment before July 1, 2006, compounded annually, and decreases each month beginning July 2019 in equal monthly increments over the five-year period that begins July 1, 2019, and ends June 30, 2024, to zero percent effective for July 2024 and thereafter.

After June 30, 2024, the reduced annuity commencing before normal retirement age under this clause shall not take into account any augmentation.

(2) A member whose attained age plus credited allowable service totals 90 years is entitled, upon application, to a retirement annuity in an amount equal to the normal annuity provided in paragraph (d) without any reduction by reason of early retirement.

(f) No retirement annuity is payable to a former employee with a salary that exceeds 95 percent of the governor's salary unless and until the salary figures used in computing the highest five successive years average salary under paragraph (a) have been audited by the Teachers Retirement Association and determined by the executive director to comply with the requirements and limitations of section 354.05, subdivisions 35 and 35a.

EFFECTIVE DATE. This section is effective July 1, 2027.

Sec. 19. Minnesota Statutes 2022, section 354A.31, subdivision 7, is amended to read:

Subd. 7. **Reduction for early retirement.** (a) This subdivision applies to a person who has become at least 55 years old and first becomes a coordinated member after June 30, 1989, and to any other coordinated member who has become at least 55 years old and whose annuity is higher when calculated using the retirement annuity formula percentage in subdivision 4, paragraph (d), in conjunction with this subdivision than when calculated under subdivision 4, paragraph (c), in conjunction with subdivision 6. An employee who retires under the formula annuity before the normal retirement age shall be paid the normal annuity reduced as described in paragraph (b) if the person retires on or after July 1, 2019, or in paragraph (c) if the person retires before July 1, 2019, as applicable.

(b) A coordinated member who retires before the normal retirement age and on or after July 1, 2019, is entitled to receive a retirement annuity calculated using the retirement annuity formula percentage in subdivision 4, paragraph (d), reduced as described in clause (1) or without reduction as described in clause (2), as applicable.

~~(1) If upon retirement the member retires when the member is younger than age 62 or with fewer than 30 years of service is not entitled to a retirement annuity under clause (2), the annuity must be reduced by an early reduction factor for each year that the member's age of retirement precedes normal retirement age. The early reduction factors are four percent per year for members whose age at retirement is at least 55 but not yet 59 and seven percent per year for members whose age at retirement is at least 59 but not yet normal retirement age. The resulting annuity must be further adjusted to take into account augmentation as if the employee had deferred receipt of the annuity until normal retirement age and the annuity were augmented at the applicable annual rate, compounded annually, from the day the annuity begins to accrue until normal retirement age. The applicable annual rate is the rate in effect on the employee's effective date of retirement and shall be considered as fixed for the employee. The applicable annual rates are the following:~~

(i) until June 30, 2019, 2.5 percent;

(ii) a rate that changes each month, beginning July 1, 2019, through June 30, 2024, which is determined by reducing the rate in item (i) to zero in equal monthly increments over the five-year period; and

(iii) after June 30, 2024, zero percent.

After June 30, 2024, the reduced annuity commencing before normal retirement age under this clause shall not take into account any augmentation.

~~(2) If the member retires when the member is at least age 62 or older and has at least 30 years of service, the member is entitled to receive a retirement annuity calculated using the retirement annuity formula percentage in subdivision 4, paragraph (d), multiplied by the applicable early retirement factor specified for members "Age 62 or older with 30 years of service" in the table in paragraph (e) Any coordinated member whose attained age plus credited allowable service totals 90 years is entitled, upon application, to a retirement annuity in an amount equal to the normal annuity provided in subdivision 4, paragraph (d), without any reduction by reason of early retirement.~~

(c) A coordinated member who retires before the normal retirement age and before July 1, 2019, is entitled to receive a retirement annuity calculated using the retirement annuity formula percentage in subdivision 4, paragraph (d), multiplied by the applicable early retirement factor specified below:

Normal retirement age: Age at retirement	Under age 62 or less than 30 years of service		Age 62 or older with 30 years of service	
	65	66	65	66
55	0.5376	0.4592		
56	0.5745	0.4992		
57	0.6092	0.5370		
58	0.6419	0.5726		
59	0.6726	0.6062		
60	0.7354	0.6726		
61	0.7947	0.7354		
62	0.8507	0.7947	0.8831	0.8389
63	0.9035	0.8507	0.9246	0.8831
64	0.9533	0.9035	0.9635	0.9246
65	1.0000	0.9533	1.0000	0.9635
66		1.0000		1.0000

For normal retirement ages between ages 65 and 66, the early retirement factors must be determined by linear interpolation between the early retirement factors applicable for normal retirement ages 65 and 66.

Senator Rarick moved to amend the Rarick amendment to H.F. No. 2497 as follows:

Page 1, after line 9, insert:

"Sec. 23. **UNFUNDED SCHOOL MANDATES.**

(a) No school district, charter school, or nonpublic school is obligated to comply with the following types of state government mandates unless a separate appropriation has been enacted into law providing full funding for the mandate for the school year during which the mandate is required:

(1) any mandate enacted into law by the Minnesota legislature after the effective date of this section; and

(2) any regulatory mandate promulgated by the commissioner of education or any state agency and adopted by rule after the effective date of this section.

(b) If the amount appropriated to fund a mandate described in paragraph (a) does not fully fund the mandated activity, then the school district, charter school, or nonpublic school may choose to discontinue or modify the mandated activity. If a school district, charter school, or nonpublic school discontinues or modifies a mandated activity due to lack of full funding from the state, then the school district, charter school, or nonpublic school shall annually maintain and update a list of discontinued or modified mandated activities. The list shall be provided to the commissioner of education upon request.

"Section 1. **[120B.116] SCIENCE OF READING.**

Subdivision 1. **Policy.** It is the intent of the legislature that public schools promote foundational literacy and grade-level reading proficiency through the use of curriculum, textbooks, instructional materials, instructional practices, interventions, and teacher development and training based solely on the science of reading.

Subd. 2. **Science of reading defined.** (a) "Science of reading" means explicit, systematic, evidence-based reading instruction using reliable, trustworthy, and valid evidence consistent with science-based reading research. This includes developing foundational reading skills relying on phonemic or phonological awareness, phonics and decoding, fluency, vocabulary, and comprehension that can be differentiated to meet the needs of individual students.

(b) The science of reading does not include using visual memory as the primary basis for teaching word recognition and does not include the use of the three-cueing system model, based on meaning, structure or syntax, and visual cues, also known as MSV, as a method to teach students to read.

Subd. 3. **Other definitions.** (a) For the purposes of this section, the terms defined in this subdivision have the meanings given.

(b) "Comprehension" is the purpose of reading, including the ability to understand, remember, and make meaning of what has been read.

(c) "Fluency" is the ability to read text with speed, accuracy, and proper expression, either to oneself or aloud.

(d) "Phonemic or phonological awareness" is the ability of students to hear, identify, manipulate, and substitute individual sounds, word parts, and syllables in spoken words.

(e) "Phonics" is the understanding that there are systematic and predictable relationships between phonemes and graphemes and the ability to apply that knowledge to decode unfamiliar printed words. "Phonemes" means sounds and "graphemes" means the letters that represent those sounds in written language, commonly known as "sounding out" words.

(f) "Science-based reading research" means research that:

(1) applies rigorous, systematic, and objective observational or experimental procedures to obtain knowledge relevant to reading development, reading instruction, and reading and writing difficulties; and

(2) explains how proficient reading and writing develop, why some children have difficulties developing key literacy skills, and how schools can best assess and instruct early literacy, including the use of evidence-based literacy instruction practices to promote reading and writing achievement.

(g) "Vocabulary" is the process of acquiring new words that students understand and use in their conversation (oral vocabulary) and recognize in print (reading vocabulary) through direct and indirect instruction."

"Sec. 5. **READING RESET FUNDING.**

Subdivision 1. **Reading reset account.** An account is established in the special revenue fund known as the reading reset account. Funds appropriated under this section must be transferred to the reset account in the special revenue fund.

Subd. 2. **Curriculum and materials.** A school district, charter school, or cooperative may request reimbursement from the commissioner of education for curriculum, instructional materials, and books aligned with the science of reading, as defined in section 120B.116, that were purchased on or after July 1, 2020. The application for reimbursement must require an applicant to agree that it will stop using instructional practices, curriculum, or materials that are based on or otherwise use whole-language, balanced literacy, or the three-cueing system model, including discontinuing use or agreeing not to use in the future any literacy curriculum or other materials published by Heinemann Publishing, or written in whole or in part by Irene Fountas and Gay Su Pinnell.

Subd. 3. **Teacher training.** The commissioner of education must provide funding to school districts, charter schools, and cooperatives to provide teachers with training in the science of reading through intensive workshops, academies, and other professional development opportunities. In addition, the commissioner must provide school districts, charter schools, and cooperatives funding to provide teachers paid time to attend training on the science of reading.

Subd. 4. **Tutoring.** The commissioner must establish a process for parents to receive reimbursement for literacy tutoring for students enrolled in school districts, charter schools, or cooperatives who are not reading at grade level.

**EFFECTIVE DATE.** This section is effective July 1, 2023.

Sec. 6. **TEACHER PREPARATION IN READING INSTRUCTION.**

A teacher preparation program approved by the Professional Educator Licensing and Standards Board for teachers of elementary education must require instruction in understanding and applying the science of reading. The board must complete audits of all approved teacher preparation programs by September 1, 2023, and must place a program not in compliance on immediate probation. A program placed on probation must develop and implement an action plan to comply with this section.

**EFFECTIVE DATE.** This section is effective the day following final enactment."

"Sec. 4. Minnesota Statutes 2022, section 126C.44, is amended to read:

**126C.44 SAFE SCHOOLS LEVY REVENUE.**

Subdivision 1. Safe schools revenue for school districts. (a) ~~Each district may make a levy on all taxable property located within the district for the purposes specified in this section. The maximum amount which may be levied for all costs under this section shall be equal to~~ A school district's safe schools revenue for fiscal year 2023 equals \$36 multiplied by the district's adjusted pupil units for the school year.

(b) For fiscal year 2024 and 2025, a district's safe school revenue equals \$157 times the district's adjusted pupil units for the school year. For fiscal year 2026 and later, a district's safe school revenue equals \$97 times the district's adjusted pupil units for the school year.

Subd. 2. School district safe schools levy. For fiscal years 2023 and later, a school district's safe schools levy equals \$36 times the district's adjusted pupil units for the school year.

Subd. 3. School district safe schools aid. A school district's safe schools aid equals the difference between (1) its safe school revenue and its safe schools levy, times (2) the ratio of the actual amount levied to the permitted levy.

Subd. 4. **Safe schools aid for charter schools.** For fiscal year 2024 and 2025, safe schools aid for a charter school equals \$157 times the adjusted pupil units for the school year. For fiscal year 2026 and later, safe schools aid for a charter school equals \$97 times the adjusted pupil units for the school year.

Subd. 5. **Safe schools aid for nonpublic schools.** For fiscal year 2024 and 2025, safe schools aid for a nonpublic school equals \$157 times enrollment for the school year. For fiscal year 2026 and later, safe schools aid for a nonpublic school equals \$97 times enrollment for the school year. For purposes of this subdivision, "nonpublic school" has the meaning given under section 123B.41, subdivision 9.

Subd. 6. **Use of safe schools revenue.** ~~The proceeds of the levy~~ Safe schools revenue must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes:

(1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools;

(2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (e), in the elementary schools;

(3) to pay the costs for a gang resistance education training curriculum in the district's schools;

(4) to pay the costs for security in the district's schools and on school property;

(5) to pay the costs for other crime prevention, drug abuse, student and staff safety, voluntary opt-in suicide prevention tools, and violence prevention measures taken by the school district;

(6) to pay costs for licensed school counselors, licensed school nurses, licensed school social workers, licensed school psychologists, and licensed alcohol and substance use disorder counselors to help provide early responses to problems;

(7) to pay for facility security enhancements including laminated glass, public announcement systems, emergency communications devices, and equipment and facility modifications related to violence prevention and facility security;

(8) to pay for costs associated with improving the school climate; or

(9) to pay costs for collocating and collaborating with mental health professionals who are not district employees or contractors.

(b) For expenditures under paragraph (a), clause (1), the district must initially attempt to contract for services to be provided by peace officers or sheriffs with the police department of each city or the sheriff's department of the county within the district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries.

(c) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with safe schools activities authorized under paragraph

(a) for intermediate school district programs. This authority must not exceed \$15 times the adjusted pupil units of the member districts. This authority is in addition to any other authority authorized under this section. Revenue raised under this paragraph must be transferred to the intermediate school district.

**EFFECTIVE DATE.** This section is effective the day following final enactment."

The question was taken on the adoption of the Rarick amendment to the first Rarick amendment.

The roll was called, and there were yeas 32 and nays 35, as follows:

Those who voted in the affirmative were:

Anderson	Duckworth	Jasinski	Lucero	Utke
Bahr	Eichorn	Johnson	Mathews	Weber
Coleman	Farnsworth	Koran	Miller	Wesenberg
Dahms	Green	Kreun	Nelson	Westrom
Dornink	Gruenhagen	Lang	Pratt	
Draheim	Housley	Lieske	Rarick	
Draskowski	Howe	Limmer	Rasmusson	

Pursuant to Rule 40, Senator Jasinski cast the affirmative vote on behalf of the following Senators: Draheim, Lang, and Westrom.

Those who voted in the negative were:

Abeler	Fateh	Kunesh	Mitchell	Port
Boldon	Frentz	Kupec	Mohamed	Putnam
Carlson	Gustafson	Latz	Morrison	Rest
Champion	Hauschild	Mann	Murphy	Seeberger
Cwodzinski	Hawj	Marty	Oumou Verbeten	Westlin
Dibble	Hoffman	Maye Quade	Pappas	Wiklund
Dziedzic	Klein	McEwen	Pha	Xiong

Pursuant to Rule 40, Senator Boldon cast the negative vote on behalf of the following Senators: Dziedzic, Fateh, Latz, Port, and Rest.

The motion did not prevail. So the amendment to the amendment was not adopted.

Senator Rarick withdrew his first amendment.

H.F. No. 2497 was read the third time, as amended, and placed on its final passage.
