

STATE OF MINNESOTA
Executive Department

RECEIVED

SEP 22 2022

President of the Senate

Governor Tim Walz

NOTICE OF APPOINTMENT

Oluwagbenga Ogungbe

Because of the special trust and confidence I have in your integrity, judgment, and ability, I have appointed you to the office of:

**Member of the General Public with Business,
Administrative, or Financial Expertise
Board of the Minnesota State Academies**

Effective: September 21, 2022

Expires: January 5, 2026

This appointment carries with it all rights, powers, duties, and emoluments granted by law and pertaining to this position until this appointment is superseded or annulled by me or other lawful authority or by any law of this State.

Signed and sealed September 16, 2022.

Handwritten signature of Tim Walz in black ink.

Tim Walz
Governor

Handwritten signature of Steve Simon in black ink.

Steve Simon
Secretary of State

Reappointment

Filed on September 16, 2022
Office of the Minnesota
Secretary of State,
Steve Simon

Following my appointment by Governor Mark Dayton, the former Executive Governor of the great state of Minnesota in 2018 to serve as a member of the Governing Board of Directors (BoD) of the Minnesota State Academy (MSA), I have had a very impactful experience serving on the Board since then. While it has been a very humbling and rewarding experience, I am proud to have contributed my quota to the progress of the Schools for the Blind and Deaf.

It is in view this that I would like to continue to serve the MSA as a member of the Board by working collaboratively with other Board members, the Superintendent, and the great management and staff of the schools to offer the best to the students. Considering that the students have some physical challenges, the society often does not focus enough attention to them. It is on this note that I have made a resolution to change this narrative.

I have cognate experience in the fields of risk management, occupational and environmental health and clinical practice - these interwoven skill-sets and expertise will be great assets to me in this position as I am able to approach EOHS issues holistically. One of my strongest points as an EOHS specialist is my ability to design and effectively deliver quality trainings that are aimed at imparting knowledge, correcting unsafe acts and conditions and instilling behavior-based safety concepts, all of which are geared towards eliminating the root causes of accidents and injuries.

I am a focused, self-motivated, hardworking, and innovative EOHS specialist and a passionate advocate of emphasizing proactive, leading indicators as good metric systems for measuring the effectiveness of safety programs designed to address injury and accident rates. Also, having worked over the years with people from different walks of life and of diverse cultural backgrounds, I am comfortable working in multicultural settings where I hope to share mutual respects with my fellow employees.

My work ethics, experience, and exposures in my field work will continually be utilized and applied, where and when applicable, to Board's oversight functions at MSA.

I look forward to a favorable consideration of my application.

Thank you.

Sincerely,

Oluwagbenga Ogungbe MS, MPH, MBBS, ASP, CSP

President of the Senate

OLUWAGBENGA OMONIYI OGUNGBE MS, MPH, MBBS, ASP, CSP

1539 Hydram Avenue North, Oakdale, MN 55128. USA

+1-651-210-1833; tetralgee@gmail.com

Objectives

My philosophy and approach to the practice of risk management, workers' compensation, loss control, and safety are premised on the utilization of quality data, field observations, and robust business analytics to identify major drivers of losses in an organization, and prescribe qualitative and quantitative strategies towards assuring injury prevention, effective case management, and competitive cost containment measures. This also includes the applications of the concepts and principles of environmental, occupational health and safety (EOHS) to contribute to an organization's profitability through the anticipation, identification, analysis, and control of situations that may result in losses in the form of risks of injuries to employees, property, environment, or product-related losses.

Summary of Qualifications

I am a credentialed Certified Safety Professional (CSP) with additional experience in clinical and public health practices; expertise in EOHS best practices, as well as working knowledge of regulations of various government agencies. I possess proficient computer and strong interpersonal skills, technical knowledge and strong skills in verbal and written communications.

Education

- **Executive Certificate in Business Analytics for Leaders** (October, 2019)
University of Minnesota Carlson's School of Management, Minneapolis, Minnesota, USA
- **Masters of Science in Risk Control / Environmental Health & Safety** (Dec., 2013)
