(d) The pharmacy may submit to the manufacturer of the dispensed insulin product or to the manufacturer's vendor a claim for payment that is in accordance with the National Council for Prescription Drug Program standards for electronic claims processing, unless the manufacturer agrees to send to the pharmacy a replacement supply of the same insulin as dispensed in the amount dispensed. If the pharmacy submits an electronic claim to the manufacturer or the manufacturer's vendor, the manufacturer or vendor shall reimburse the pharmacy in an amount that covers the pharmacy's acquisition cost.

If the individual has been determined to be not eligible, the manufacturer must include the reasons for denying eligibility in the notification. The individual may seek an appeal of the determination in accordance with subdivision 8.

(b) If the individual is determined to be eligible, the manufacturer shall provide the individual with an eligibility statement or other indication that the individual has been determined eligible for the manufacturer's patient assistance program. An individual's eligibility is valid for 12 months, and is renewable upon a redetermination of eligibility.

(c) If the eligible individual has prescription drug coverage through an individual or group health plan, the manufacturer may determine that the individual's insulin needs are better addressed through the use of the manufacturer's co-payment assistance program, in which case, the manufacturer shall inform the individual and provide the individual with the necessary coupons to submit to a pharmacy. In no instance shall an eligible individual be required to pay more than the co-payment amount specified under subdivision 6, paragraph (e).

(d) Except as authorized under paragraph (e), the pharmacy shall provide the insulin to the individual at no charge to the individual. The pharmacy shall not provide insulin received from the manufacturer to any individual other than the individual associated with the specific order. The pharmacy shall not seek reimbursement for the insulin received from the manufacturer or from any third-party payer.

(e) The pharmacy may collect a co-payment from the individual to cover the pharmacy's costs for processing and dispensing in an amount not to exceed \$50 for each 90-day supply if the insulin is sent to the pharmacy.

(f) The pharmacy may submit to a manufacturer a reorder for an individual if the individual's eligibility statement has not expired. Upon receipt of a reorder from a pharmacy, the manufacturer must send to the pharmacy an additional 90-day supply of the product, unless a lesser amount is

requested, at no charge to the individual or pharmacy if the individual's eligibility statement has not expired.

The board shall provide contact information for the individual to learn more about the survey and how to participate. This information may be included on the information sheet described in paragraph (a).

(c) MNsure, in consultation with the Board of Pharmacy and the commissioner of human services, shall develop a training program for navigators to provide navigators with information and resources necessary to assist individuals in accessing appropriate long-term insulin options.

(d) MNsure, in consultation with the Board of Pharmacy, shall compile a list of navigators who have completed the training program, and who are available to assist individuals in accessing affordable insulin coverage options. The list shall be made available through the board's website and to pharmacies and health care practitioners who dispense and prescribe insulin.

(e) If a navigator assists an individual in accessing an insulin manufacturer's patient assistance program, MNsure, within the available appropriation, shall pay the navigator a onetime application assistance bonus of no less than \$25. (b) To access an additional 30-day supply of insulin, the individual must attest to the pharmacy that the individual meets the requirements of paragraph (a) and must comply with subdivision 3, paragraph (b).

Subd. 10. **Penalty.** (a) If a manufacturer fails to comply with this section, the board may assess an administrative penalty of \$200,000 per month of noncompliance, with the penalty increasing to \$400,000 per month if the manufacturer continues to be in noncompliance after six months, and increasing to \$600,000 per month if the manufacturer continues to be in noncompliance after one year.
