This section sets short-term and long-term state goals for increasing the percentage of teachers of color and American Indian teachers in Minnesota, and for ensuring all students have equitable access to effective and racially and ethnically diverse teachers who reflect the diversity of students. The goals and report required under this section are important for meeting state goals for the world's best workforce under section 120B.11, achievement and integration under section 124D.861, and higher education attainment under section 135A.012, all of which have been established to close persistent opportunity and achievement gaps that limit students' success in school and life and impede the state's economic growth.

Subd. 2. Equitable access to racially and ethnically diverse teachers. The percentage of teachers who are of color or American Indian in Minnesota must show an annual increase each year in order to have a teaching workforce that more closely reflects the state's increasingly diverse student population and ensure all students have equitable access to effective and diverse teachers of color and American Indian teachers by 2040.

Subd. 3. Rights not created. The attainment goal in this section is not to the exclusion of any other goals and does not confer a right or create a claim for any person.

Subd. 4. Reporting. (a) Beginning in 2022 and every even-numbered year thereafter, the Professional Educator Licensing and Standards Board must collaborate with the Department of

Education and the Office of Higher Education to publish a summary report of the aggregate outcomes related to the preparation or retention of diverse teachers of each grant program they administer and any other program receiving state appropriations that has or includes an explicit purpose of increasing the racial and ethnic diversity of the state's teacher workforce to more closely reflect the diversity of students. The board must submit the report to the chairs and ranking minority members of the legislative committees having jurisdiction over kindergarten through grade 12 education. The board must submit the report in accordance with section 3.195.

(b) The report must include programs under sections 122A.2451, 122A.63, 122A.635, 122A.685, 122A.70, 124D.09, 124D.861, 136A.1274, 136A.1275, and 136A.1791, along with any other programs or initiatives that receive state appropriations to address the shortage of teachers of color and American Indian teachers. The board must report on the effectiveness of state-funded programs to increase the recruitment, preparation, licensing, hiring, and retention of racially and ethnically diverse teachers and the state's progress toward meeting or exceeding the goals of this section. The report must also include recommendations for state policy and funding needed to achieve the goals of this section, and must include plans for sharing the report and activities of grant recipients, and opportunities among grant recipients of various programs to share effective practices with each other. The 2022 report must include a recommendation of whether a state advisory council should be established to address the shortage of racially and ethnically diverse teachers and what the composition and charge of the advisory council would be if established.

(c) The board must consult with the state Indian Affairs Council under section 3.922 and ethnic councils under section 15.0145 along with other community and stakeholder groups, including secondary school students and teacher candidates who are of color or American Indian, in developing the report. By November 1 of each even-numbered year, the board must submit the report to the chairs and ranking minority members of the legislative committees with jurisdiction over education and higher education policy and finance. The report must be submitted in accordance with section 3.195 and available to the public on the board's website."
